TO RECOVER \$40,000.

A lawsuit dating from the time of Noah.

A suit to recover \$40,000 from the Union Pacific railroad was submitted to Judge Riner today. The suit was brought on behalf of the government by United States District Attorney W. C. Perry, to compel payment for the right of way through the old Delaware Indian reservation.

The right of way was secured in 1859 and the district attorney holds that the railroad company made an agreement to pay the Indians for the land taken.

The attorneys for the road argued that the railroad company was granted the lands by the act of congress passed in 1852 and that the company is justified in not making the payment to the Indian.

Major Morrill Consults With Kansas City Politicians.

Wants to Know Their Opinion of Metropolitan Police.

OTHER STATE NEWS.

A Hutchinson Man Held Up by Footpads and Robbed.

KANSAS CITY, Nov. 28.—Governor-elect Morrill was in the city all day yesterday. The object of his visit was to find out what the people of the city expected from the new administration and more particularly to ascertain their sentiments in regard to the metropolitan police law. Politicians and aspirants for office sprang up from every nook and corner and there was nearly a continuous procession leading to and from the hotel.

Major Morrill, however, stated that this far he had decided no appointments other than that of his private secretary and intended to give this matter no consideration whatever until he is inaugurated governor. This was rather cooling to many ambitious ones who hoped to take advantage of the major's visit here to prefer their claims. Whenever matters of state were broached the discussion invariably turned on the merits of the metropolitan police system in respect to its advantages to this city in the enforcement of the laws for the next two years.

Major Morrill gave no intimation as to what his attitude would be in reference to any proposed change of the police law. At present he is only seeking information.

FOOT-PADS IN HUTCHINSON.

H. W. Houk Held Up by Two Men Night in Town.

HUTCHINSON, Nov. 28.—As H. W. Houk, son of Judge Houk, and who is reading law with the firm of Houk & Whitehead, was coming from his father's residence out on First avenue east of the office, two men met him, and when within ten feet of him, threw pistols in front of him and ordered his hands up.

The robbers advanced upon him keeping him covered with their guns, and the gun of one was in his face and the other against the side of his head. The larger of the two then without removing the gun from the side of his head, with his left hand went through his pockets. They got a \$30 watch, some papers, keys, two cigars and some money from Mr. Houk.

K. L. EXPECTS TO WIN.

The Kansas Boys are Confident of Beating Missouri Tomorrow.

LAWRENCE, Nov. 28.—The big football game between the Missouri and Kansas universities is all the talk here. The Kansas boys are in excellent shape and confidently expect to win against the Missouri players. A big crowd of enthusiastic "rooters" will be a great help, and present indications point to the largest Thanksgiving football crowd ever seen in the west.

Anderson and Shawhorn of Missouri will not be able to play and their places as halves will be taken by Adie and Conover. Captain Williamson, quarter, and Stone, center, of Kansas, will not be able to play on account of injuries, and Hill and Walker will take their places.

ATLANTIC STREET RAILWAY.

Some of the Lines Will Be Ready to Use Tomorrow.

ATLANTIC, Nov. 28.—The new street railway and electric trolley house is now complete, with the exception of one 200-horse power engine, which has been delayed in shipment from Painted Post, New York. The two engines already up are sufficient to run the plant temporarily. Motors have been placed under three of the new cars and the other three cars have been unloaded.

The present indications are that the entire system of street railway will not be open for business Thanksgiving, but cars will be running that day on the Main and Commercial street lines. Governor-elect Morrill has accepted an invitation to be present at the formal opening of the line, which takes place December 11.

DON'T WANT TEACHERS PAID.

Suit Brought at Emporia to Keep Out Pay for Holidays.

EMPORIA, Nov. 28.—Suit has been brought against the board of education and a temporary injunction granted by the judge in chambers restraining the board from carrying out a resolution declaring a vacation Thursday and Friday and allowing the teachers pay for those days. There are forty teachers and the wages for the two days amount to about \$250. The suit is brought as a test case and will probably be carried to the supreme court.

Brakenham Badly Hurt.

HUTCHINSON, Nov. 28.—J. C. McCoy, a brakeman on the Rock Island was seriously hurt here yesterday. The train pulled out onto the switch to drop the sleeper and while McCoy was down between the cars uncoupling the air the train backed up without being signaled. McCoy's head was caught between the platforms and the blood spouted out of his ears, nose and mouth. He was picked up unconscious and sent to his home in Hutchinson.

Small Burglaries in Dickinson.

ABILENE, Nov. 28.—Last night sneak thieves broke into Hassinger's gun and repair store, under Sutter's, and stole several revolvers, keys, cartridges, etc. Three business houses at Solomon were also broken into last night and small booty taken from each. The Solomon merchants visited were the Shams Drug Co., J. A. Hopkins and Joseph Neal.

J. R. Easdale of Olathe Dead.

OLATHE, Nov. 28.—Ex-Sheriff John R. Easdale died very suddenly at his home in this city. He was nominated by the Republicans in 1889 for sheriff and was elected by less than 100 majority, being at the time one of the youngest sheriffs in the state. He made such a fine record as sheriff that he was re-elected over the combined opposition by over 500 majority, retiring from office last January.

Held For Intent to Kill.

ABILENE, Nov. 28.—The preliminary examination of John Osborn, who shot Ira Shepherd several weeks ago, was held before Justice Fry at Enterprise.

Osborn was bound over for trial at the district court for assault with deadly weapons with intent to kill. Bond was placed at \$1,000, in default of which he was committed to jail.

Judge S. O. Thacher About the Same. LAWRENCE, Nov. 28.—Judge S. O. Thacher's condition is little changed. Dr. Griffith of Kansas City, has been here in consultation with Dr. Morse, and they agreed that the illness was inflammation of the colon. Mrs. Emory has arrived in the city and is at her father's bed side.

EIGHT CASES FILED

Business is Rushing in the District Clerk's Office Today.

An unusually large number of cases were filed in the district court today. The divorce suit of Sarah M. Johnson against William L. Johnson whom she married in Ellis county four years ago was filed. Mrs. Johnson says that prior to his desertion over a year ago he used to swear at her and beat her. Once he threatened to kill her, she says. She wants her maiden name, that is Sarah Ann Bridgeman, restored.

The Masonic Mutual Benefit society has brought suit to foreclose on William Carroll Fisher's lots, at 32, 34 and 36 Topeka avenue, on a mortgage of \$4,500.

Walter M. Briggs has sued George C. and Emma Corning for \$10,000, on the ground that two years ago they made a contract to buy 100 shares of stock in the Denver Hardware company at par, which they failed to do.

Kolley and Capelin brought suit against the Commonwealth company and the Kansas Newspaper union to recover \$2,100 on a note.

The Mutual Benefit Life Insurance company sues to recover \$1,400 from Hetta Cavender and John Norton.

The executors of the estate of A. D. Beuller seek to foreclose on H. C. W. Deshler's five lots on Seward avenue, under a \$1,000 mortgage.

The heirs of W. D. Renbert are suing Burdick Brothers to recover \$9.00 said to be due on their note, with interest at 10 per cent for three years.

John R. Mulvane has commenced foreclosure proceedings against Anna Brown, on lot 14 Harrison street, under a \$250 mortgage.

CLEVELAND A SICK MAN.

He has Remained in His Bed Much of the Time.

NEW YORK, Nov. 28.—A Washington special to the World says:

The president has been and still is a much sicker man than the administration people would have the public believe. His condition is not alarming, but it is a fact that severe attack of rheumatic gout which followed the sprain of his left ankle has practically incapacitated him for work on his message.

During the last three days Mr. Cleveland has suffered much pain from his swollen leg, and to obtain relief has remained in bed much of the time.

Dr. O'Reilly, it is said, expects Mr. Cleveland will be able to move about, and possibly come to this city, in a few days. Mr. Cleveland has been unable to do much writing, and the fact that his message is far from completion, is said to have given him much uneasiness. If possible the message will not be transmitted to congress on its usual day.

Only the Count.

WASHINGTON, Nov. 28.—In view of the circulation of rumors to the effect that the condition of the president is much worse than has been reported, his private secretary was today asked for a statement of the facts. In response he said that the president has been suffering from an acute attack of rheumatism or rheumatic gout. He has been subject to these attacks for years and this is by no means more severe than others he has experienced.

For a couple of days he was confined to his bed, but he has passed the most violent stage of his malady, and although still suffering somewhat he is working at his message, which he writes himself, and is making such progress that it will certainly be ready for delivery to congress on the first day of the session, unless something unforeseen occurs.

He does not occupy a prosthetic chair, but sits in an easy chair, with his afflicted foot resting on a cushion and lies down only at intervals when the limb becomes painful. Her condition is steadily improving and it is expected he will be able to get about in a few days.

SEAT OF WAR.

Preparations for An Outbreak at Montgomery, Ala., December 1.

BIRMINGHAM, Ala., Nov. 28.—The nearer December 1 comes the more interest is being manifested all over Alabama in what Capt. Reuben F. Kolb will do after being sworn in as governor. It is given out that Probate Judge Lee, of Conecuh county, will swear Kolb and his officials in on Saturday.

Capt. Kolb will leave Thursday evening for Montgomery, and will spend Friday meeting his friends from all over the state. Secret calls have been issued in a number of north Alabama counties for all friends who believe that "their rights should be maintained" to be at Montgomery on Saturday next, and be armed. It is said that the call issued in a Populist paper in Bibb county is signed by Dr. Crowe, one of Kolb's closest followers in the last movement, and it calls on the citizens of both Perry and Bibb counties to be at Montgomery on Saturday in a body, and be well fixed.

When asked today about Dr. Crowe, Capt. Kolb replied: "If I had 5,000 such men as Crowe, I would be fixed." Kolb has been advised that Gov. Jones will not arrest him on a charge of treason, but will be ready to repulse any attack Kolb should lead against the regular government. The militia at Selma, in Dallas county, are guarding their arms daily for fear a raid will be made on them by Kolbites.

Very near all the troops in the state will be in Montgomery on the day of the inauguration of Col. Oates, and they have been advised not to come without powder. Senator Goodwyn, one of the Kolbite senators, today introduced in the State Senate an election contest bill. It was referred to a committee. Many believe this will pacify Kolb somewhat, but many of the latter's followers do not regard that it will.

Watson's Orchestra will furnish music during Thanksgiving dinner, from 12 to 2 p. m., at Frank Long's restaurant. Dinner 25c.

IT'S DIGNITY WAS SAVED.

Dr. McClintock Contributes \$5 to Uphold the Dignity of Judge Mason's Court.

The upholding of the dignity of the Shawnee county district court cost Dr. J. C. McClintock \$5 yesterday afternoon. Dr. McClintock was subpoenaed to testify in the case of Byers against Dawson, and although he was an unimportant witness, he responded promptly at 9 o'clock in the morning and stayed there at noon. Unlike many other people present, Dr. McClintock had business to attend to outside. The \$1.50 he got as a witness fee wasn't a circumstance to what a skilled surgeon could be getting by hustling among his patients. At noon the doctor went away and when he was called sometime before supper he wasn't there. It was then that the dignity of the court was in jeopardy. An attachment was issued (at a cost of \$4.50) and the sheriff went to bring the body of Dr. McClintock into court. He was fined \$5 for contempt, which he paid, and then told what little he knew about the controversy in question. He testified that his name was J. C. McClintock, that he lived in Topeka, Shawnee county, Kansas, and was a practicing physician and had been for a number of years. He saw the plaintiff once several weeks after the accident in question.

SINGS IN JAILS.

A Woman With a Bunch of Railroad Passes Three Inches Thick.

"Elizabeth Rider Wheaton, Prison Evangelist. No Home but Heaven," is in Topeka today and in company with Mrs. N. Zook of Abilene visited the county jail and talked and prayed, and sang with the prisoners.

Mrs. Wheaton (she is a widow) is a lady of perhaps fifty-five years of age, fleshy and good looking, with as sweet a face and manner as a repentant unfortunate ever gazed upon. For thirty years she has been engaged in missionary work, and for the past ten years has done nothing but visit jails and public institutions in various parts of the world. She was in England and Scotland for several months and worked also among some of the jails on this continent.

She has been in nearly every state prison in the United States and in most of the county ones. In the last two months she has visited and held services in the state prisons of West Virginia, Ohio, Michigan, Iowa, Illinois, Arkansas, Missouri, South Dakota and Kansas. She is untiring, and besides her meetings in the jails, she also works among the fallen women and holds meetings on the trains. She has passes on all the railroads and letters from nearly all the governors of states. In her pocket book there is a bunch of passes three inches thick. She never asks for a cent and never accepts of any voluntary contributions more money than she can put to good use to further her work.

"I trust in the Lord," she said; "and I have never been needy. I have never failed me. I have no one to glorify but Him."

Mrs. Wheaton was in Topeka just once before, three years ago. She is a cousin of Daniel Van Ness and will remain in the city over Thanksgiving. It is probable that she will hold a religious meeting at the reform school.

A good many years ago Mrs. Wheaton met Clyde Mattox in the jail at Wichita and was delighted to meet him again here.

In the District Court.

The district court jury in the case of Isaac Byers against Dr. A. Dawson, for damages on the ground of malpractice, returned a verdict for the defendant at 6 o'clock last evening. Byers failed to get judgment for even a cent. In court today the case of W. W. Dennison against Ex-County Clerk John M. Brown, for his salary as clerk, is on trial.
